

KRYTEX DEGREASER

Alcohol-based degreaser & activator

Packaging: 100 ml / 500 ml

A highly concentrated alcohol-based degreaser for every car surface — the final prep step before coatings and film installation.

KEY PROPERTIES

- For all car surfaces.
- The last step before coatings and films.
- Activates the surface for better coating adhesion.
- Highly concentrated formula.
- Evaporates quickly without residue or streaks.
- Pleasant scent.
- 100% biodegradable.

SPECIFICATIONS

Type	Ready to use	Volume	100 ml / 500 ml
Application	All car surfaces		

HOW TO APPLY

- 01** Shake well before use.
- 02** Apply to the surface or a microfiber.
- 03** Wipe off immediately with a clean dry microfiber — do not let it dry on the surface.
- 04** Proceed with the coating or film installation.
