

KRYTEX MEGA QUARTZ

Fast quartz hydrophobic coating

Packaging: **100 ml / 500 ml**

Enough for: **500 ml ≈ 10 cars**

A ready-to-use spray for quick hydrophobic protection during the wash: spray on, then rinse off with a pressure washer — no buffing.

KEY PROPERTIES

- Fast hydrophobic protection for paint.
- Just 2–4 sprays per panel.
- Rinse off with a pressure washer — no buffing.
- For regular care — at least once a month.
- Outlasts conventional polymer and wax products.
- Resists aggressive detergents.
- Rich, deep gloss; helps guard against fine scratches.
- Helps remove light bitumen residue and traces of road chemicals.
